

NEW FACES APPEAR IN NORMAL FACULTY

Donovan, Foster and Barnes Ready
Heads of Department—Ready
For Opening Next Tuesday

Class work will be resumed at the Normal School next Tuesday. The dormitories, class rooms and campus are all in readiness for the big crowd that is assured.

The first students are expected to arrive Friday and from that time until the close of next week new students will be arriving daily. All rooms in Sullivan Hall have been assigned for the Fall Term. Burnham Hall will be opened within the next few weeks. Until the building is furnished students will be taken care of temporarily in the Cottages and in private homes.

A faculty meeting will be held at two o'clock Saturday afternoon. A number of new faces will be seen on the faculty this year. H. L. Donovan succeeds E. C. McDougle as Head of the Department of Educational and Dean of the faculty. R. A. Foster of Elkton, Ky. succeeds J. D. Bruner as Head of the English Department. Paul A. Barnes, of Tiffin O., succeeds S. S. Myers as Director of Music. Miss Alice Corwin, of Louisville, succeeds Miss Jessie Newell as assistant in the Model High School.

Organization of the student body will begin at eight o'clock Monday morning. The Model and Rural school organization will be held Tuesday morning at 9 o'clock.

The following bulletin is being sent out to students and friends by the Normal school giving information about opening activities:

Next Tuesday, September 20, we're off again for 48 more weeks.

A Big School—Last year (1920-21) we had 1623 different students in resident study; 321 in correspondence study; 1322 in Extension Summer Schools; a total of 3266 different students were taught under the direction of the faculty of Eastern. We're proud of this record.

They're Coming Again—Sullivan Hall reservations were all assigned before the close of 1920-21 year. An addition of 50 rooms for girls is now available. Burnham Hall is the name of this new structure. It looks like we'll fill it this fall. The boys' hall will accommodate 100 more this year. The new structure is an annex to Memorial Hall. Besides the accommodation on the Campus an eleven room apartment has been secured for dormitory purposes. More private homes will be available. A new dining room—300 capacity will be opened this year. We're equipped to handle the big crowd—Spread the News.

The Faculty Members

Education—H. L. Donovan is the new Dean of the Institution. Mr. Donovan is a graduate of University of Kentucky and Columbia. He will be in charge of the Department of Education. His experience covers the rural village, graded and city school field. He knows the Common School problems. He is here now and working daily to become thoroughly familiar with all phases of his new work before school opens on the 20th.

English—R. A. Foster succeeds J. D. Bruner as head of the Department of English. Mr. Foster is a graduate of University of Kentucky and Princeton. He is eminently qualified to handle this Department. He resigned a position of President of a Junior College in Western Kentucky to come to us. We were fortunate to secure him.

Music—Paul A. Barnes succeeds S. S. Myers Director of this Department. Mr. Barnes has just declined a splendid offer in Cleveland, Ohio, in order to assume charge of the Department of Music in this Institution. He comes to us well recommended and we are expecting this department to continue to grow under his direction.

Football—Two teams will be maintained this fall. The Normal team playing college teams and the Model team playing night school teams.

Football Candidate Wanted.—50 men wanted; large or small,

BABE GETS HIS 56th

New York, Sept. 17—Babe Ruth hit his 56th home run of season in the fourth inning of the game with the St. Louis Browns Friday. No one was on the bases. Shocker was pitching for St. Louis.

SLUGGING QUARTET HAVING RACE IN A. L.

(By Associated Press)
Chicago, Sept. 17—Ty Cobb was the only member of the quartet which last week went into the stretch fighting for the batting honors of the American League, who made a gain during the week. The Georgia peach added four points to his average, giving him a mark of .394 for the runner-up honors. Harry Heilmann, Detroit's slugging outfielder struck a slump in his hitting and dropped to .398, just four points in front of his boss. Babe Ruth, of the Yankees, the third member of the slugging quartet, travelled along on about a 50-50 basis, dropping one point. He is now third with .382. George Sisler, of St. Louis, who a week ago was crowing on the heels of the leaders, did not do so well with the willow and has dropped to .374, a loss of seven points.

Other leading batters: Speaker, Cleveland, .366; Tobin, St. Louis, .365; Jacobson, St. Louis, .346; E. Collins, Chicago, .343; Strunk, Chicago, .342; Veatch, Detroit, .341; Williams, St. Louis, .338.

Jack Fournier, of the St. Louis Cardinals, enjoyed a good week with the bat in the National League, and has climbed up behind his teammate, Rogers Hornsby, for the batting honors of the senior major circuit. The big Frenchman is hitting .352, while Hornsby dropped five points, but continued to top the batters who have participated in 80 or more games with a mark of .401.

As a home run hitter, Hornsby, with 20, is giving great promise of overtaking George Kelly, of the Giants, who is out in front with 22 circuit drives. Kelly failed to add to his mark a week ago. Frisch, of the Giants, failed to run his stolen base record above 47 reached a week ago.

Other leading batters: Cutshaw Pittsburg, .350; Rousch, Cincinnati, .348; McHenry, St. Louis, .345; Cruise, Boston, .341; Mense, New York, .335; E. Smith, New York, .333; Frisch, New York, .332; Mann, St. Louis, .331.

Jim Thorpe, whose athletic prowess in the Olympic games at Stockholm in 1912, started the universe, has made wonderful strides among the batters of the American Association players who have participated in 80 or more games. The big Indian who is a member of the Toledo club, has climbed to fifth place with an average of .363. Jay Kirke, the Louisville slugger, continued to top the batters with an average of .381, while Red Russell of the Minneapolis slugging outfielder, has passed Art Butler, of Kansas City, for the honors as runner-up to Kirke. Russell is slugging .375. Butler's mark is .369.

Bunny Brief, of Kansas City who smashed out five circuit hits in the past week, and brought his season's record for circuit wallops to 40, is in fourth place among the batters with a mark of .364. Brief has increased his lead as rim getter. He registered 152 times, and with his 197 hits has brought his total base mark to 381. Besides his home runs, his hits include 44 doubles and ten triples.

Baird, of Indianapolis, by stealing two bases during the past week, is showing the way to the base stealers with 63 thefts.

Frankfort Gunman Indicted

On Four Counts
Frankfort, Ky., Sept. 17—John Follis, who shot and wounded four policemen here in June, as they were attempting to arrest his son, Carlos Follis, was indicted Friday by the Franklin county grand jury on the charge of shooting with intent to kill, four counts being returned against him.

TRYING TO PREVENT KU KLUX MEETING

(By Associated Press)
Louisville, Ky., Sept. 17—Unless the hands of the city officials are tied by injunction, there will be meeting of the Ku Klux Klan here tonight, according to official statements. Officials of the county today tendered to the Klan agent \$75 which he had paid for the use of the Jefferson county armory tonight for a meeting. The agent refused to accept the money, saying he would confer with an attorney. He asserted the meeting was within the right of a peaceful assembly and indicated Rev. Caleb Gridley, an Atlanta, Ga., preacher, would address the assembly as scheduled.

The city officials in the face of this say that only court action can prevent the police to stop it. Mayor Smith today ordered two plain clothes men to trail the agent for the Ku Klux Klan who is said to be Dr. G. S. Long, instructing them that if an effort is made to arrange a meeting for tonight, to arrest Long.

Adair County Doctor Dies at 68
Columbia, Ky., Sept. 17—Dr. N. M. Hancock, 68 years old, of Cane Valley, Ky., died here.

Bodies of Sailors Who Fell With ZR-2 Arrive

(By Associated Press)
New York, Sept. 17—America today mourned her fighting men who fell with the ZR-2 into the New York navy yard. Thousands of sorrowing men and women pressed to gather around the biers of the fifteen blue-jackets and their officers, who met death in the English river, Humber, when the giant airship took its fatal plunge. The bodies were brought here yesterday on the British cruiser, Dauntless.

Secretary Denby arrived with fifteen bouquets, personal tributes from President Harding and his Cabinet. The ceremony was held in a mess hall where the fifteen caskets were placed on a bier stretching entirely across the hall. Secretary Denby preferred not to deliver an address and the obsequies were confined to a solemn ritual prescribed by Navy regulations.

Goes Back On Visit To Old Home

Dr. R. L. Clark and family left Friday for Bristol, Tenn., for a visit to his old home, where he has not been for forty years. They will probably be gone for a couple of weeks.

Farmer Dragged To Death

Cynthiana, Ky., Sept. 17—Daul Joe Dauhman, 50, farmer, was fatally injured Friday when thrown from his horse and dragged. The accident occurred upon the pike near his home in the Republican neighborhood. Mr. Dauhman left on a horse hitched to a sled to house his tobacco. He was seated sideways upon the horse which became frightened and jumped, throwing the rider under its feet. When the horse ran the sled was drawn on top of the man, who was dragged some distance under it. Nearly every bone in Dauhman's body was broken and he died within half an hour.

Ashby Jacobs, 7, was killed in Lawrenceburg Thursday when an automobile struck him as he was crossing the streets.

JEWELS FOR K. T. PAST COMMANDERS

Will Be Presented At Special
Conclave of Order Here
Thursday Eve, Sept. 22

Richmond Commandery No. 19, Knights Templar, are looking forward with much interest to a special conclave next Thursday night, September 22. The feature of the occasion will be the presentation of Past Commander Jewels to the Past Commanders of Richmond Commandery.

This presentation will be made by Eminent Past Commander W. W. Clark, of Owensboro. Past Grand Commander Robert R. Burnham will introduce our guest and also give a short history of our Commandery. The jewels will be accepted on behalf of the Past-Commanders by Past Commander W. R. Shackelford.

After the formal ceremonies are concluded, with work in the K. T. degree at 5 o'clock, a banquet will be served at 7:30 o'clock at the Temple. A large representation of members of the local commandery from all over Madison county and the jurisdiction of the local commandery is expected to be present.

FEDERAL OFFICER SHOT WHILE MAKING ARREST

Danville, Ky., Sept. 17—Deputy United States Marshal J. A. Bash of Somerset, is in a hospital here with a gunshot wound in his shoulder, inflicted by Tom Hargis, fireman on the Southern Railroad when Bash, a member of a posse, attempted to serve a warrant for Hargis' arrest. Hargis, who surrendered after a fusillade of shots were fired, is in jail here.

Hargis, it is alleged, returned to his home on Dilley street here Thursday night in an intoxicated condition. He began abusing his wife, who called the police. Officers A. C. Alford and Polk Critchfield went to the residence, but returned to the station for a warrant when Hargis threatened them with a gun. Reinforced by Bash and J. E. Wal-lin, a railroad detective, they returned to the home.

Bash stepped to the door to serve the warrant, but was met by a shot fired by Hargis from the inside. He dodged the bullet lodging in his shoulder. Other members of the posse fired into the dwelling and Hargis surrendered. Bash is not seriously injured.

Hargis is a nephew of Judge James Hargis, of Breathitt county, who was killed several years ago.

CINCINNATI REDS TO PLAY LEXINGTON REOS

The Cincinnati Reds are to play the Lexington Reos at Lexington Wednesday, October 5th, following the close of the National League season. Jim Park will be on the mound for the Reos while Grover Alexander is expected to hurl for the Reds. Chicago closes the season at Cincinnati and the days later the later play the Reos. Alexander is to come to Lexington with Pat Moran and his stars. The full Red team is to visit Lexington. The Reo management is expecting a large crowd and will fence off the grand stand seats at Deveraus Field and will sell them at \$2. The seat sale will start next Sunday.

ARBUCKLE CASE IS CONTINUED SEPT. 26

(By Associated Press)
San Francisco, Sept. 17—The county grand jury Monday night will consider the evidence of certain witnesses who were alleged to have been tampered with in the case of "Fatty" Arbuckle, accused of murder in connection with the death of Miss Virginia Rappe, Harry Kelly, secretary of the jury, announced today. Miss Zey Prevost, one of the principle witnesses against Arbuckle, is said to have changed her testimony.

Arbuckle's arraignment on a charge of manslaughter, was continued in Superior Court today till Monday, September 26.

LLOYD GEORGE SENDS REPLY TO DE VALERA

(By Associated Press)
London, Sept. 17—Premier Lloyd George replying today to the communication received Friday from Eamon De Valera, says that to receive Sinn Fein delegates to the proposed conference as representatives of an independent and sovereign state would "constitute formal and official recognition of Ireland's severance from the King's domains." He asserted that as long as De Valera insists that the Irish delegates should confer as representatives of an independent and sovereign state, the conference is impossible.

FLYING SQUADRON WILL NOT FLY AFTER ALL

It turns out that the flying squadron of which we spoke in Thursday's paper hasn't anything to do with flying after all, but has been organized by the Richmond Motor Company and has entered a contest for the sale of Ford cars, all of which run on wheels—and are always ready to run. Handsome prizes are being offered to those who get the best results, and as Ford products are absolutely uniform as to quality and price, anyone contemplating the purchase of a car may be able to assist some friend or relative who is in the contest in securing one of the prizes.

Look over the list of contestants below—make up your mind now to buy that Ford you have been wanting and take the matter up with whoever you wish to favor.

MADISON'S FIRST HERO

TO BE BROUGHT HOME
Mr. Jesse Dykes is in receipt of the following telegram which reached here September 16:

"The Body of Private Jesse M. Dykes will arrive at Hoboken September 16th, and will be shipped to you at government expense, but not until you wire about shipping instructions. Await shipping notice before making arrangements for burial."

Private Jesse M. Dykes was the first Madison county soldier to lose his life during the World War and the local Legion very fittingly named their post for him. The body will be taken in charge by the American Legion and burial with full military honors. The remains will probably arrive here about September 22nd.

William Howard Taft, celebrated his 46th birthday Friday.

30 Barrels of Whisky

Taken From Warehouse
(By Associated Press)

Cincinnati, Sept. 17—Federal prohibition officers and Cincinnati detectives are endeavoring to find a clue to the thirty barrels of whisky stolen last night from the bonded warehouse by five armed men. The leader, who wore evening clothes, assured the two watchmen they need "not worry" as the barrels were placed in a truck. He thanked the watchmen for their patience. The whisky at bootlegging prices is valued at \$1,000 a barrel.

10,000 IN OHIO, WEST VIRGINIA AND INDIANA

Are Hearing Benefits of Co-operative Marketing of Tobacco From Judge Bingham

(By Associated Press)
Lexington, Ky., Sept. 17—With the campaign for organization of the Burley Tobacco Growers' Co-operative Marketing Association in Kentucky at a stage where nearly a dozen of the 41 Blue Grass counties have passed the 75 per cent quota agreed upon as necessary for formal organization of the association, active work of organizing the burley growing counties of Indiana and Ohio was started this week. The campaign in Ohio has been under way for the past two days and that in Indiana will start tomorrow.

The first Indiana meeting will be held at Madison, Jefferson county, Saturday afternoon when Judge Robert Bingham, owner of the Louisville Courier-Journal, and the Louisville Times, sponsor for the co-operative association, will address growers of Jefferson county. Judge Bingham will tell the growers of the movement in Kentucky and what he learned in a study of co-operative marketing organizations in France and Denmark. He also will tell of the California Co-operative marketing organizations after which the tobacco association is patterned.

Judge Bingham will be accompanied to Madison by Ralph M. Barker, of Carrollton, Ky.

Although the bulk of burley tobacco is grown in the 41 blue grass counties in Kentucky, in which it is estimated there are at least 40,000 raisers, there are approximately 10,000 farmers who raise burley tobacco in the blue grass counties of Indiana, Ohio, and West Virginia. These counties in Indiana and Ohio number eight each and in West Virginia two. The Indiana counties which are to be organized include Rush, Franklin, Dearborn, Jefferson, Ripley, Ohio and Switzerland counties. In Ohio they are Gallia, Adams, Lawrence, Scioto, Brown, Clermont, Butler and Highland. The West Virginia counties are Cabell and Mason.

The plan under which the marketing association is being organized calls for incorporation when 75 per cent of the total crop in the burley district is pledged to the association. Whether the company will be incorporated in Kentucky or North Carolina depends largely upon the action of the next session of the Kentucky legislature, as there is a law on the Kentucky statute books which makes farmers pools illegal.

James N. Kehoe, Maysville banker, is leading the campaign in Ohio. He spoke at West Union, Ohio county, on Thursday, and Saturday will speak at Batavia, Clermont county. No dates have yet been set for the West Virginia campaign.

LEGION BAND PLAYS FOR IRVINE LOT SALE

The American Legion Band journeyed to Irvine Friday morning where they went to play for a big lot sale conducted by Mr. Leach, of Irvine. The director of the crack local band, Prof. James Leeds, took twelve musicians with him in Canfield's truck. The band has been to a recent lot sale in Irvine and pleased the people there so much that they were called again to display their talent. The band has not been organized very long, but thanks to Prof. Leeds the musicians have mastered the hard points very nicely and have developed into an excellent organization.

Miss Katherine Morgan has returned from a vacation spent in Corinth and will again fill her position as stenographer at the Eastern Normal.

The Tobacco Co-operative (Louisville Times)
What began last winter as an inspiration in the mind of one

man has become an establishment. The announcement of 52,000,000 pounds of burley pledged to the co-operative assures the success of Judge Bingham's campaign to organize the burley growers in their own interest. From that forward intensive effort will be directed to rounding out the 75 per cent pledge regarded as essential to marketing by the preliminary committee.
Pools have come and gone, and as such they are not new in Kentucky, but this co-operative is a new and sound idea. Its five-year duration of contract, its in-

genious but secure financing system and its regulations of director control, relieve it of all the bad features of earlier pools. There is no doubt that the War Finance Corporation will aid the burley growers as soon as they complete their organization, and from that time on success in gaining a stable price for the product depends solely on pulling together under wise management. Organization of the growers of other types of tobacco will follow, until the tobacco farmer, like the grower of oranges and raising wheat and prunes, will have passed from under the burdens of the archaic system that has kept from him the due fruits of existence.
The preliminary committee and all the county chairmen, have worked magnificently to attain their great end, and, while the names of Stone and Barker and Kehoe come first to mind, there are many others who have toiled successfully and earnestly with these strong leaders. The Kentucky farmer is an independent and suspicious hombre, and it took strong and intelligent men to assure him that at last some people were trying to help themselves and him and who did not want office out of it, or a lion's share of speculative profits. That happens to be true, as will be demonstrated.

Dry America Is Held Wettest World Area
New York, Sept. 17.—Gaston Monnet traveling investigator for a French brandy concern, considers prohibition, thus far, in the United States something of a joke. He expressed the opinion that there is more drunkenness in the United States and Canada than anywhere else in the world.
"I have visited every nation in the world studying liquor conditions," said Monnet, "and no where have I found the drunkenness that today prevails in the United States and Canada. The country showing least drunkenness is Sweden, where the government supervises liquor distribution successfully under a new card system."

Losing Candidate May Test 1920 Primary Law
Frankfort, Ky., Sept. 17.—The constitutionality of the 1920 act prohibiting a candidate defeated in a party primary from running as an independent candidate for the same office in the general election, may be tested by R. B. Roberts, Commonwealth Attorney, in the Thirty-third district, who lost his contest suit against Judge J. C. Eversole for the republican nomination for Circuit Judge. It is understood he has taken steps to appeal, and today he tendered Secretary of State Fred Vaughn his declaration as an independent candidate for the office. Vaughn refused to file it and Mr. Roberts is expected to ask for a mandatory injunction.

Dr. Zaring On Present Standards
(By Associated Press)
London, Sept. 17.—Moral standards of the present day, changing from the simple code of our forefathers are "excrescences growing out of the war," declared the Rev. Dr. Elbert Robb Zaring, editor of the Northwestern Christian Advocate, Chicago, before the fifth Ecumenical Methodist Conference here today. "It is a passing wave from which we are slowly but surely emerging," he said.

RUSSIAN PRINTERS MAKE OWN MONEY

(By Associated Press)
Berlin, Sept. 17.—Charles Crane, former American Minister to China, attributes the success of his trip across Siberia and thru Russia to the ingenuity of his Chinese cook who, he stated, never failed to return from most precarious scouting trips with eggs and some meat whenever Mr. Crane's car halted for foraging purposes.
"He even succeeded in ferreting out one of his fellow countrymen who would come down to our car and attend to the week's laundry," said Mr. Crane in the course of an informal narrative of his seven thousand mile journey.
The 100,000,000 Soviet ruble for which Mr. Crane paid \$3,000 American money, were carried in bales which occupied a large part of his car.

Referring to the Soviet's out put of currency, Crane stated that one of Lenin's latest decrees gave the employees in the government printing office permission to remain after working hours for the purpose of printing money for their personal use.
Everywhere along the route, he said, there were evidences of the food shortage multiplying as also was the shortage of clothing many women being seen walking the streets of Petrograd and Moscow without stockings and shoes.
Come and hear C. W. Curtis, Religious Liberty secretary, of Louisville, at court house Sunday evening at 7:30. His subject will be "Religious Liberty or Sunday Blue Laws." Everybody cordially invited.

Losing Candidate May Test 1920 Primary Law
Frankfort, Ky., Sept. 17.—The constitutionality of the 1920 act prohibiting a candidate defeated in a party primary from running as an independent candidate for the same office in the general election, may be tested by R. B. Roberts, Commonwealth Attorney, in the Thirty-third district, who lost his contest suit against Judge J. C. Eversole for the republican nomination for Circuit Judge. It is understood he has taken steps to appeal, and today he tendered Secretary of State Fred Vaughn his declaration as an independent candidate for the office. Vaughn refused to file it and Mr. Roberts is expected to ask for a mandatory injunction.

BIDS WANTED!!

Bids will be received until 2 p. m., October 12, 1921, by Mr. John Howard Payne, Clerk of the Board of Education, Richmond, Ky., at the office of John Noland, on a twenty room school building. A certified check or preliminary bond of 5 per cent must accompany the bid. Plans can be procured from C. C. and E. A. Weber, Architects, Third and Walnut Street, Cincinnati, Ohio.

INDIGESTION

Busy Public Official Says Theod-
ford's Black-Draught Helps Him
Keep Physically Fit.

Clay City, Ky.—"I have been in
business here for twentyone years;
am also coroner, riding the Kentucky
hills and hollows in all kinds of
weather and under all kinds of con-
ditions," says Mr. Sam T. Carr, of this
place. "To be able to do so, I must
keep physically fit, and Theodford's
Black-Draught is my stand-by."

"These trips used to give me head-
aches, and that, I found, came from
indigestion. I was convinced that Black-Draught
was good, so now I use it, and it gives
perfect satisfaction. It acts on the
liver, relieves indigestion, and certainly
is splendid. I am never without it."
When you have a feeling of discom-
fort after meals, causing a bloating
sensation, headache, bad breath, and
similar common symptoms, try taking
a pinch of Black-Draught after meals—
a pinch of the dry powder, washed
down with a swallow of water. This
has been found to assist the stomach
and liver to carry on their normal
work, and helps prevent, or relieve,
constipation.

Your druggist can supply you with
this well-known, purely-vegetable liver
medicine. Insist upon Theodford's, the
original and only genuine Black-
Draught liver medicine. NC-137a

Mrs. Williams Tells How
Lydia E. Pinkham's Vegetable
Compound Kept Her
in Health

Overpeck, O.—"Lydia E. Pinkham's
Vegetable Compound helped me both
before and after my
baby was born. I
suffered with back-
ache, headache, was
generally run down
and weak. I saw
Lydia E. Pinkham's
Vegetable Compound
advertised in the
newspapers and
decided to try it.
Now I feel fine, take
care of my two boys
and do my own work."

I recommend your medicine to anyone
who is ailing. You may publish my testi-
monial if you think it will help others."
—Mrs. CARIE WILLIAMS, Overpeck, Ohio.
For more than forty years Lydia E.
Pinkham's Vegetable Compound has
been restoring women to health who
suffered from irregularities, displace-
ments, backaches, headaches, bearing-
down pains, nervousness or "the blues."
Today there is hardly a town or hamlet
in the United States wherein some
woman does not reside who has been
made well by it. That is why Lydia E.
Pinkham's Vegetable Compound is now
recognized as the standard remedy for
such ailments.

WHAT KENTUCKY
LAND IS WORTH

(By Associated Press)

Frankfort, Ky., Sept. 17.—The
average price per acre of land in
Kentucky, as assessed for tax-
ation for the year 1921 is \$30.89 an
acre, according to figures com-
piled in the office of the State Tax
Commission here. Mineral rights
owned in fee simple are assessed
at \$6.77 an acre while leases are
assessed at an average of \$3.31
an acre.

Mineral rights, it was explained
at the office of the commission,
do not include the value of the
land for other purposes than min-
ing.

There are, according to the tax
reports made to the commission,
24,011,563 acres of land listed for
taxation in the state and the total
value is \$741,943,101. Mineral
rights owned in fee simple total
1,903,980 acres and are valued at
\$12,904,526, while mineral rights
leased total 1,603,479 acres and
were valued at \$5,312,261.

The total value of town lots in
the state reported for taxation
was \$412,874,591.

Central Kentucky land and that
lying in Jefferson county are
valued the highest for taxation
purposes. Fayette county leads
with an average valuation of
\$157.51 an acre, and Jefferson
county, in which Louisville is lo-
cated, is second with an average
of \$132.09 an acre. Bourbon
county comes third with its land
assessed at \$123.42 an acre and
Woodford county next with a
valuation of \$111.59 an acre.

These are the only counties with
assessments at over \$100 an acre.
Valuations of other counties with
high averages include: Clark
county \$97.47; Boyle, \$75.32;
Scott \$75.98; Jessamine \$93.80;
Kenton \$63.22; Mason \$79.61;
Campbell \$62.13, and Madison
\$60.10.

The lowest valuation per acre
for taxation is placed on Menifee
county lands with an assessed
value of \$7.02 an acre. Other
valuations less than ten dollars an
acre are: Martin county \$8.70 an
acre; McCreary \$7.37; Magoffin,
\$9.86; Breathitt \$8.96; Elliott
\$9.30; Jackson \$8.56; Knott \$7.47,
and Rowan \$7.32.

MISS CLARA D. NOYES, who re-
turned only a few months ago
from an extensive tour of the war-
torn and disease-ravaged nations of
central and eastern Europe, will pic-
ture the dire need abroad, particu-
larly among the hundreds of their
sands of destitute children, in an ad-
dress at the national convention of
the American Red Cross, of which
she is national director of nursing
service. The convention will be held
in Columbus, O., Oct. 4-8.

Miss Noyes is the head of the en-
tire enlisted personnel of Red Cross
nurses, now numbering over 37,000.

Fulfillment of its obligation to the
ex-service men will be one of the
main problems under discussion at
the convention of the American Red
Cross in Columbus, O., Oct. 4-8.

Many friendships which had their
inception overseas are expected to
be renewed when nurses who saw
active service abroad during the
World War and veterans of some of
the hottest battles of the great con-
flict meet in Columbus, O., Oct. 4-8,
during the convention of the Ameri-
can Red Cross.

The national convention of the
American Red Cross at Columbus, O.,

\$80,000

Kentucky's Greatest Trotting meeting at Lexington, Oct. 3 to 15 is certain to draw an attendance from all parts of the U. S. A. and Canada. The purses aggregate \$80,000, average \$2,000, and not one is for less than \$1,000, with the Kentucky Futurity (or 3-year-olds) worth \$14,000, the Futurity (2-year-olds) \$7,000, the Transylvania \$5,000, the Castleton \$4,000, the Walnut Hall Cup \$3,000 and the Phoenix Hotel Prize \$3,000. Every really first class horse in America and Canada is eligible to start. What races they will make!

While predicting that the Kentucky Futurity will be one of the greatest colt races ever witnessed—904.

ed, the best judges of trotting contend that the races for the Walnut Hall Cup (Monday, Oct. 3), the Transylvania (Thursday, Oct. 6), and the Castleton (Tuesday, Oct. 11), the three big events for trotters of all ages will be bitterly fought out in time so fast that they will be the talk of the whole country for years to come and that one of the three will go down in history as the "Race of the Century."

Practically all of Lexington's hotel space has been reserved and every private box—98 in number—in the grand stand has been sold to purchasers from 21 states and Canada. 209 2t w

UNION CITY HIGH SCHOOL NOTES

School began with an enrollment of 108, 24 of whom are in high school. If you think about this in one way that is a very small high school enrollment, then again, when you recall that this is not a consolidated school it appears to be a pretty fair enrollment. Our census last year was only 120. Our high school enrollment is 20 per cent of this number—a very fair enrollment when you recall that not over 5 per cent of the people of the United States are obtaining a secondary education.

We want our patrons and friends to become so interested in us that frequent visits may be made to the school during its sessions. There is no better place on earth for boys and girls to get an education than out here in the country away from the whirl and noise of the city.

We are planning to get a Babcock milk tester at once for the high school laboratory, which will enable us to do some very intensive work in agriculture—and some very practical and profitable work, too.

At a meeting of several patrons and teachers last Wednesday night, it was decided to put up some very practical and profitable playground equipment at once. Plans were discussed for a permanent organization to be known as the Union City Improvement League. Our library for the grades needs building up at once and a number of little things need attention.

In view of the fact that our county high schools do not play foot ball, we are devoting our time to base ball, and practice is on in earnest. A schedule of three games has been arranged with Waco High School. The boys are working hard for positions on the team. We will play out-door basket ball later in the fall.

Union City High School defeated the Waco Hi at Waco, Thursday afternoon, in a loosely played game, by the score of 16 to 5. At no time during the game was Waco dangerous for the Union boys except in the second inning when with a couple of scratch hits, a hit batsman, and an error, netted three runs. Waco counted one in the fifth and again in the seventh, and the counting was over for them.

The Union boys began scoring early. They added two in the first on a base on balls, a clean hit and two passed balls; one more in the second, and two in the fifth, and the game was sewed up in the sixth when the Union boys got to Maupin's delivery for a total of six runs. In the seventh they continued to slaughter and drove Maupin from the mound. Fritz, a small kid, pitched the last three innings and kept the Union boys eating on his curves, only one hit was made off him in two and two-thirds innings.

Score by innings: R H E
 Union . . . 210 026 500—16 7 11

The Most Beautiful Car in America

At the New Price Where Can You Match Glenbrook Quality?

Just a short while back the Paige five-passenger touring car, Glenbrook 6-44 model, sold for \$1925.

Today, because the price is based on the prevailing costs of the readjusted materials market and the low manufacturing overhead due to our immense facilities, the list price of the Glenbrook is only \$1635.

Surely if a genuine buying opportunity ever knocked at any man's door, the Paige Glenbrook is that very opportunity waiting on your threshold.

Not only is the initial cost absurdly low for such a remarkably fine car, but the Glenbrook is a true economist. Its sturdiness is the despair of the repair man. In the hands of thousands of owners it has shown amazingly satisfactory tire and gasoline mileage.

A pure quality product, the Glenbrook has demonstrated its supreme fitness the country over. New from stem to stern there can be no sudden or unwarranted depreciation. Unquestionably it is the best and safest investment in the light six market today.

IF ALL BUSINESS MEN ADVERTISED---

What an awful confusion would be heaped upon the publishing business!

Because the vast majority of business men do not advertise, those who do secure results which soon enable them to distance competitors.

Industrial records show that there is a vastly larger percentage of failures among non-advertisers than advertisers.

Not everything that is called advertising is advertising which sells the goods.

Newspaper advertising offering seasonal goods at fair prices at certain definite stores will always move the goods.

Our local retail shops prove this beyond a doubt.

Advertising is not an expense in the way non-advertisers look upon it, but it is paid for from the increased traffic which it creates.

We Will Sell For

Mrs. Annie E. Wallace, Her

(Executrix of D. F. Wallace)

203 ACRE FARM

Near Waco, Kentucky

We will sell for Mrs. Annie E. Wallace her 203 acre farm located on the Muddy Creek road, one mile west of the College Hill and Red River pike, and adjoining the property of Mrs. Robert Covington, Charles Tribble, Muddy Creek and Sam Hise.

This farm is better known as the Elmer Deatherage tract of land.

The improvements are as follows:—Six room frame house, fine cistern, good garden,

beautiful yard, a combination stock barn. This is one of the best barns in Madison county built when barns were really built. There is 60,000 feet of lumber in this barn, good metal roof, under fence inside and boundary. Farm is well watered, slightly rolling and drained. The soil is a Hagerstown Loam Formation upon which rests a blue grass soil suitable for corn, tobacco, etc.

This farm lays well and there are 150 acres in cultivatable land of which 25 acres are Muddy Creek Bottom. The fact alone speaks for itself. Taking this farm as a whole, the growing crops and blue grass will speak for the quality of the land.

This beautiful home is just two miles from Waco, where you will find all your wants satisfied. Close to school, Churches, etc.

The fact that Mrs. Wallace can no longer manage this farm, owing to the death of her husband, Mr. D. F. Wallace, constitutes her only reason for offering to sell this splendid, money-making farm.

Conditions and terms liberal and will be made known on day of sale. Any intending purchaser need not worry about the terms.

All that is wanted is the worth of this property and to be secured in the payment of the purchase money. Title clean and unincumbered. Possession will be given Jan. 1, 1922.

By calling at our office we will be glad to show any prospective buyer over the farm before the day of sale.

ARMY WOMAN A LEPER

Wife of Colonel Contracts Disease in Philippines.

Case Held Comparatively Slight One—Woman Now in Federal Leprosarium, in Louisiana.

Washington.—That the case of leprosy of which Mrs. Lutz Wahl, forty-seven, wife of Colonel Wahl, was recently discovered to be a victim was contracted while Mrs. Wahl was in the Philippines with her husband several years ago, is the supposition of physicians attending her.

The discovery was made accidentally during an examination by Col. D. C. Howard, army medical corps, on duty at Walter Reed General Hospital, for another complaint. It was the first intimation Mrs. Wahl had had of the ailment, and almost up until that day she fulfilled her numerous social obligations here.

Colonel Howard reported to Surgeon General Cummings of the public health service and Dr. William C. Fowler, District health officer, and requested permission to send Mrs. Wahl to the federal leprosarium in Louisiana. The permission granted, Mrs. Wahl left Washington the following morning and is now at the leprosarium.

According to the report to the public health service, Mrs. Wahl's case is a comparatively slight one and was discovered almost as soon as the first signs appeared. How long the disease has been in her blood physicians could not say, as the period of incubation ranges from five to twenty years.

During the war Colonel Wahl held the rank of brigadier general.

ASKS FINE BURIAL DRESS

St. Louis Woman Demands Fashionable Garb, Not Shroud, for Funeral.

St. Louis.—A request that her burial robe "shall be a fine white dress made in fashion and not a shroud" was contained in a codicil to the will of the late Mrs. Jennie S. Dana, died in the Probate court by Otto Hampe, public administrator, who will administer the estate. She asked that her wedding ring be buried with her.

The codicil said many conditions have changed since the original will was made, and that a mortgage of \$3,200 on her residence had been canceled.

Numerous oil paintings, some of which were by the testator's first husband, the late William Winter, also were bequeathed to relatives. To Mrs. Virginia Dana, wife of the late George Dana, is bequeathed the painting of "The Bull," which she admired so much, or "the large blue vases" of the late Mrs. Dana.

"To George Dana of Kirkwood," the testament continues, "I leave any painting in my collection he may choose." Numerous other bequests of paintings are made.

Mrs. Dana bequeathed her writing desk to Flora G. Taylor of Cincinnati, and requests that the medals awarded to her first husband for his art work be sent to an institution in Cairo, Ill.

CHOLERA RAGING IN RUSSIA

Dread Plague Already Has Claimed Thousands of Lives—Towns Hit Hardest.

Stockholm.—Asiatic cholera is spreading rapidly in the whole of European Russia, according to the public health recorder. There were 6,000 cases reported up to June 23.

Towns are more subject to the infection than rural districts; recently Petrograd and Moscow have become infected, the disease spreading quickly, being propagated by the unusually hot weather and refugees who have fled from the famine districts.

According to the Rosta news agency in Moscow, all the imperial castles and country houses of the nobility in the Crimea will be converted into hospitals.

MOTHER, SON IN DEATH PACT

Americans, Residents of Paris, Try Suicide Because of Money Troubles.

Paris.—Mme. De Guise-Hite and her son, George Harbough, American residents of Paris, are in a serious condition here as the result of an alleged suicide pact. Their supposed attempt is attributed to financial difficulties. Physicians are working hard to revive them, but fears were expressed that their deaths would ensue soon.

Mme. De Guise-Hite is the divorced wife of an Englishman, having married him following her divorce from George Harbough, said to be a Cleveland millionaire.

Stop Train to Save Man Slowly Sinking Into Bog

Minneapolis, Minn.—Adolph Pelmar, 50, was pulled from a bog near Holdridge by trainmen and passengers of a Great Northern train, which stopped to rescue him. Pelmar, it is believed, was overcome by heat. As the train made its morning trip the conductor noticed the man sitting in the mud. Returning in the evening he saw the head of a man sticking out, and stopped the train.

It seems that Louisville will win the pennant in the American Association.

VOLIVA STILL ARGUES THE EARTH IS FLAT

(By Associated Press)

Chicago, Sept. 17.—The story of the "Village that Voted the Earth is Flat," had an earnest adherent in Wilbur Glenn Voliva. Overseer of the religious community that Alexander Dowie founded at Zion City, a little to the north of Chicago.

Declaring that there is no proof whatever of the sphericity of the earth or that the earth has any motion, Overseer Voliva says he is "prepared to refute modern astronomy, scientifically as well as from the standpoint of the Bible." Here are some of the points he advances:

"All standing water is level. Let any one disapprove it if he can. They cannot disprove it. This is conclusive evidence that the old Pythagorean-Copernican system of the sphericity of the earth is false."

"A man stood at Kingston, Jamaica, and saw the light house at Havana harbor 82 miles distant, which is another conclusive proof that the sphericity of the earth is a fake."

"The midnight sun has been seen hundreds of times, but it would be absolutely impossible to see it on a sphere. You would have to look through hundreds of miles of earth and rock."

"There is a railroad in South America two thousand miles long

which is almost perfectly level. The Suez Canal is a hundred miles long without locks and with scarcely any rise at all. Where is your curvature of the earth? There is none.

"No wonder higher critics and modern believers in the Copernican system of astronomy laugh at the flood and say that such a thing as a flood could not occur on a globe or a spherical earth—and I agree with them. They are perfectly right. That is what the Devil intended when he invented the modern astronomical theory—to destroy the Word of God."

"They say that eclipses are caused by the earth passing between the moon and sun, causing the shadow; but how can you have an eclipse with both the sun and moon above the horizon? It is a matter of record that there have been a number of eclipses with both the moon and the sun above the horizon. No one knows what causes eclipses."

"They tell you that the sun is ninety-two million miles away. I laugh at that, not only as a mathematician but also as a student of God Almighty's Word."

"Did God Almighty create the earth and then create a light to light it up and put it ninety-two million miles distant and make it a million times larger than the earth? What kind of a fool would build a house up in Kenosha and erect a light a hundred miles from it to light up the parlor?"

"They say that science is not
